CHARLOTTE VAN WINDEN

In my work, I seek imaginative solutions to misunderstood and unresolved phenomena in an 'experienced reality', presenting them in an ambiguous manner where contradiction and overlap converge within the imagery. My fascination with systems of human behavior, both at an individual level and within society, extends from the present to history. I delve into studies of thinkers such as Foucault, utilizing them in my work to explore new meanings as an associative web of the contemporary zeitgeist. Moreover, I draw inspiration not only from historical systems but also from alternative systems around me, such as those found in nature. With a particular fascination for earthworms, whose hidden world provides a source of insight and wonder. These explorations often manifest in videos and performances, where I employ hastily crafted props and sets. Additionally, I have delved into other mediums such as drawing, painting, collage, and textiles to portray these musings and thoughts in alternative ways. My work is infused with philosophical inspiration and personal daydreaming, weaving complex ideas and concepts into visual and conceptual expressions. In addition to my artistic practice, I develop my own educational lessons and workshops for both children and adults, combining my passion for philosophy and creativity to inspire and stimulate others or to pass on the love for a particular craft. Furthermore, I oversee a practical label in (wall) rug: Mama Chameleon, where I translate my artistic vision into functional and aesthetic designs.

EXCHANGES/RESIDENCIES

2022 OBS De Klim Utrecht, Netherlands In het jaar 2011 is OBS De Klim een creatief partnerschap aangegaan met de Stichting KunstBikken. Dit project is met veel enthousiasme bij kinderen en team ontvangen en vanaf het schooljaar 2013 – 2014 gecontinueerd in een vierjarig verdiepingsproject in het kader van de Creatieve Partnerschappen van de Gemeente Utrecht. Na die vier is het project gestopt, maar zijn we als school zelf ermee doorgegaan. Wanneer u bij de hoofdingang staat wordt u omringd door kunstuitingen van kinderen maar ook in de school zelf is veel kinderkunst te bewonderen. In het kunstatelier krijgt iedere kind per schooljaar een aantal workshops van de kunstenaar. De kunstenaars werken binnen ons aangeboden thema. obsdeklim.nl/onze-school/kunstenaar-in-de-klas-16/

AWARDS AND GRANTS

2020 Out of Focus TV Maarten de Kroon Den Haag, Netherlands www.maartendekroon.nl/?projects=1 documentaire over Haagse kunstenaars in de eerste coronaperiode: "Musea en theaters zijn gesloten, het leven leek even tot stilstand te komen en ging online verder. Hoe reageren beeldend kunstenaars als Philip Akkerman, Nishiko of Charlotte van Winden en musici van het Orkest van de 18de Eeuw op die nieuwe situatie. Sommige kunstenaars, onder wie Anne Fehres en Esther Hovers maakten juist nieuw werk dat direct is gerelateerd aan de corona-crisis. Choreograaf Sol Léon zou samen met Paul Lightfoot met een bijzondere serie voorstellingen afscheid nemen van het Nederlands Dans Theater, en maakte 'noodgedwongen' een film, omdat de theaters in heel Europa op slot gingen. Schrijver Christiaan Weijts en beeldend kunstenaar Yuri Veerman reageren op hun manier op de gevolgen van de crisis op de cultuursector en de samenleving die we samen maken en die we wellicht, als gevolg van de crisis, anders vorm zouden kunnen geven."

2018 Charlotte van Winden - "I became what I yearned for" Blog/Vlog Polly Picker pollypolls.weebly.com/magazine/charlotte-van-winden-i-became-what-i-yearned-for In a creative hood in The Hague in The Netherlands, the artist Charlotte van Winden created her studio in a shop building. In the beginning she shared the space with other artists, but at this moment she combined her love for organizing and creating with founding an artist run space. With her strength for DIY she renovated the front part of the shop building into a project space, with a new look for every project. Her own studio is in the back of the building with corridors and chambers full of books, wood, colorful images, tools, wigs, textile and other materials (...more)
