MENNO DE BRUIJN

Half of the fabulous designersduo Lennarts & De Bruijn

Founder of Studio Lennarts & De Bruijn. Studio Lennarts & De Bruijn (SL&DB) is an ultra-multidisciplinary creative studio, creating big, bold and beautiful things since 2015. Super nice text about who we are and what dazzling projects we undertake and make such as visual identities, campaigns, branding, websites, art direction, books, animations, copywriting, videos, merchandise, exhibitions, illustrations and so on. More humble bragging about the outstanding content, concepts and communities we've created and displaying the dozens of clients we had the honor to work with in interesting industries such as culture, business, fashion, music and sports. Highlighting latest Stay Sane Stay Safe project to prove activity and spread positivity in times of COVID-19. Corny metaphor to showcase our eagerness to meet people and openness to new collabs. Text about all our achievements and other super relevant stuff. Some triggering words and funny copy to top it all off, in order to get new assignments and give even more incentives to work with this amazing and ambitious studio. Ironic invitation with good coffee to lure you in even further.

[Solo](#)

PROJECTS

- 2020 Stay Sane Stay Safe International, Netherlands www.staysanestaysafe.com
Simply put, SSSS is an open positive poster platform at which anyone can submit, download, print and share posters to support lifesavers and to inspire home-stayers in times of COVID-19. Our website stay-sane-stay-safe.com is quite self-explanatory, though! Initially, the main goal was to find a partner who was willing to print posters so we can send them to hospitals. Besides that, we just wanted to make and share posters to support our lifesavers and to inspire others to stay at home and, not to forget, to keep smiling. Another thing we really wanted to pull-off was keeping the creative (online) community active. These times are also tough for us creatives, so we really wanted to give something back to the community. By inviting everyone with a good idea to send in a poster, and giving them the proper credits they deserve, we hoped they might end up getting a gig or two out of it.
